1. What you accept

Access to this bot is reserved for people whose registration records their acceptance of the registration and participation terms presented to them. By replying **ACCEPT**, you confirm that prior acceptance and give this additional authorization, which is required to receive your Mythic Amplification.

You authorize Asociación Civil AlterMundi to receive, store, and process your name, phone number, email address, written text or audio, its transcription, generated results, and the technical data needed to:

- receive and, when applicable, transcribe your narrative;
- automatically produce a symbolic amplification from your narrative and Harmonic Myth Projection reference material;
- generate an associated image;
- send the complete result, including the associated image, exclusively by email; and
- preserve the experience in your **Projection History** to provide continuity across future participations.

Projection History is a record of participation and service continuity. It is not a medical record, diagnosis, or psychological profile.

3. Scope and limitations

The Mythic Amplification is automatically generated symbolic content and will be written in the same language as the narrative or audio you submit. It may contain errors or associations that do not represent your experience. It is not medical or psychological care, diagnosis, treatment, professional advice, or an emergency service.

This authorization does not allow publication, sale, advertising, research, testimonials, datasets, or model training using your narrative or its derivatives. Any such use would require a separate authorization. Please avoid unnecessary names, contact details, or identifiers of other people.

4. Your choice and rights

Acceptance is voluntary. If you do not accept, you cannot use this bot or receive the automatic amplification, but your prior registration and participation remain unchanged.

You may request access, correction, updating, or deletion of your data, or withdraw this authorization for future processing, by writing to info@altermundi.net. The data covered by this authorization will be retained for **six (6) months from the date you submit your narrative**. After that period, it will be deleted, except for any minimum record that must be preserved to document acceptance, withdrawal, or a legal obligation.

The Agency for Access to Public Information, as the supervisory authority for Law No. 25,326, has the power to receive complaints and claims from people whose rights are affected by a breach of the personal-data protection rules in force.

5. Acceptance

By replying **ACCEPT** after receiving the link to this document, you confirm that you could read it before deciding, confirm the prior acceptance recorded with your registration, and authorize the processing described in version **bot-v10**. If you do not agree, reply **DECLINE**. To withdraw later, write **WITHDRAW BOT** or contact info@altermundi.net.
